1 Introduction

1.1 Purpose of this Manual

This operation manual is for submitters who are using the Online Manuscript Submission System to submit manuscripts to the “International Journal of Automotive Engineering”.

1.2 Outline of the Online Manuscript Submission System

Submitters who use the Online Manuscript Submission System can utilize the following functions.

- Submit manuscripts to the International Journal of Automotive Engineering
- Confirm the review status of submitted manuscripts and also confirm the results of the review
- Conduct registration procedures for manuscripts that have been judged as publishable

2 Submission of Manuscripts to the International Journal of Automotive Engineering

In order to submit a manuscript to the International Journal of Automotive Engineering a submitter can use one of the following two methods.

- Direct submission: It is possible to directly submit a manuscript by accessing the Online Manuscript Submission System from the homepage of the Society of Automotive Engineers of Japan, Inc. (JSAE) without having to go through the JSAE biannual congress registration system.
- Simultaneous submission: It is possible to apply to submit a manuscript at the same time that you apply to participate in the JSAE spring or autumn congress. In this case the manuscript in the Proceedings that is intended for presentation at the congress shall be the manuscript submitted to the International Journal of Automotive Engineering. However, it is necessary to place a check in the box for “Submit to International Journal of Automotive Engineering” within the JSAE congress registration system.

Each of the submission methods used in the Online Manuscript Submission System will be explained in the following sections.

※ Attention ※

At the time that you submit a manuscript, be sure to read and confirm the “Guidelines and Rules for Submission to the International Journal of Automotive Engineering” before registering your submitted manuscript information.

5 Supplementary Notes

Here we will provide an explanation of the following functions that are necessary when using the Online Manuscript Submission System.

- Uploading of PDF files
- Adding sub author's information

5.1 Uploading PDF Files

Here we will explain the method for uploading PDF files by using the Copyright Confirmation screen as an example. When an electronic file is turned into a PDF file there are cases where equations and diagrams shift out of place and symbols or other special characters become corrupted and unreadable. Therefore we recommend using an image scanner.

- (1) Click on the "Search" button.

5.2 Adding Sub Author Information

Here we will explain the method for adding information for multiple sub authors.

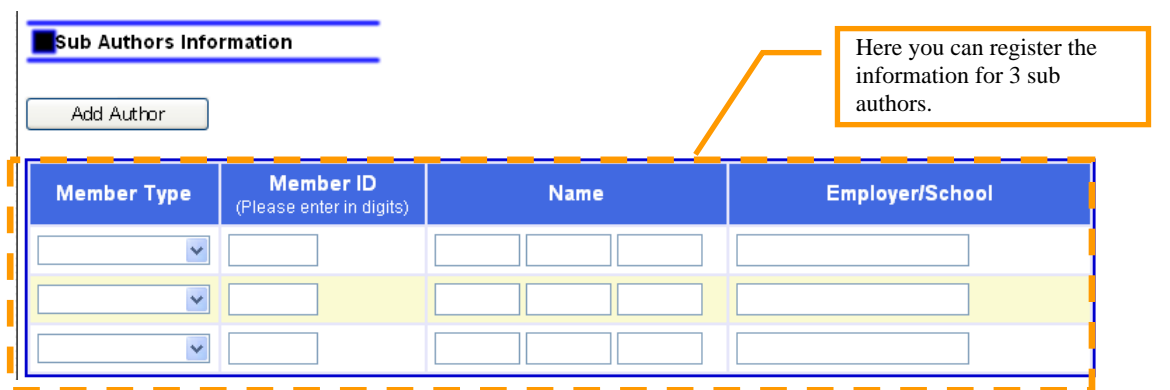

- (1) If there are multiple sub authors, click on the “Add Author” button.

The screenshot shows the 'Sub Authors Information' form. At the top left, there is a blue header with a white square icon and the text 'Sub Authors Information'. Below this header is a grey button labeled 'Add Author'. An orange dashed circle highlights the 'Add Author' button, and an orange arrow points from a box containing the text 'Click here.' to the button. Below the button is a table with four columns: 'Member Type', 'Member ID (Please enter in digits)', 'Name', and 'Employer/School'. Each column has a corresponding input field below it.

Member Type	Member ID (Please enter in digits)	Name	Employer/School
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

- (2) An additional row for entering sub author information will be added.
An additional row will be added each time that the “Add Author” button is clicked on, so add as many rows as necessary to include all the sub authors.

The screenshot shows the 'Sub Authors Information' form after three rows have been added to the table. The 'Add Author' button is still present. An orange dashed box highlights the table, and an orange arrow points from a box containing the text 'Here you can register the information for 3 sub authors.' to the table. The table now has three rows, each with input fields for 'Member Type', 'Member ID', 'Name', and 'Employer/School'.

Member Type	Member ID (Please enter in digits)	Name	Employer/School
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
