実行委員長 (Chairperson) : 中澤広高

## Announcement of partial mitigation of SES for the COVID-19 (coronavirus disease 2019)

Because of the COVID-19 (coronavirus disease 2019), some teams are forced to suspend the work at their facilities for 2020 Formula SAE Japan. We decided on the partial mitigation of SES as follows.

### 1. Applied teams:

Teams ordered to stop activities from the educational institute due to the COVID-19.

This announcement applies to these Chinese teams at present:

3.Tongji University

48.Harbin Institute of Technology at Weihai

80.Southeast University

81.Jilin University

92.Hunan University

E03.Tongji UniversityEV

E07.Harbin Institute of Technology at WeihaiEV

E19.Beijing Institute of TechnologyEV

E20.Xiamen University of TechnologyEV

E26.Beihang UniversityEV

### 2. Countermeasure:

At the Initial submission deadline (14:00, March 13, 2020), the applied teams may submit SES without its test data but old or expected data. These defectives in SES will not affect screening scores for the priority order of the Technical Inspection. However, the applied teams must resubmit SES with its test data by the 1st resubmission deadline (14:00, May 11, 2020).

(Refer to the 2020 FSAEJ Participation Rules Article 13 Submission of SES)

### 3. Requests to teams:

For teams wishing this mitigation of SES, please contact and explain the situation to the Formula SAE Japan Office (formula@jsae.or.jp).

Thank you.
